Abstract and paper should state clearly:

(1) Introduction: Statement of the problem that it is intended to address, as well as a description on the context and relevance to the 2030 Sustainable Development Agenda and Sustainable Development Goals.

(2) Key message: Highlighting sustainable practices in undertaking climate change adaptation and mitigation, biodiversity conservation and ecosystem services activities supporting national policy objectives, practices and competency needs in the context of the SDGs.

FINANCIAL SUPPORT REQUEST

Do you need a financial support? Yes No

If you tick yes, please read the eligibility criteria for financial support below carefully. If you tick No, please leave this part.

Eligibility criteria for financial support;

1. Thai or foreign undergraduate or postgraduate student who is currently studying in Thailand
2. Thai or foreign researcher or practitioner who is working in Thailand
3. Investigator or co-investigator of an ongoing research project (in case the research has co-researchers, only one researcher is able to apply for financial support)
4. The research paper has never been presented in any international conference or never been published in any proceeding report
5. Those who request financial support must not receive sufficient financial support from other financial source.
6. Applicant is required to make oral presentation in English.
7. Applicant must submit abstract and full paper by the due date

I have read and understand the eligibility criteria for financial support

For all applicants:

I confirm that the information I have given is true, complete and accurate, and no information requested has been omitted.
